"OLD TECUMP" HONORED

Reception to Gen. Sherman in New York City,

UNDER DIRECTION OF MR. DEPEW.

The Occasion Gotten Up in Celebration of the General's 70th Birthday—Refreshments and Interesting Speeches—Reinterment of Mr. Depew's Grandfather—Failure of Raw Silk Importers—Deed of a Cowardly Husband.

NEW YORK, April 18.—The reception tendered to Gen. W. T. Sherman Thursday at the Union League club was one of the most notable events of the kind in recent years in respect of the prominence of the men participating. The affair was in honor of Gen. Sherman's recent attainment of his 70th year. The general himself selected the

numbers to be invited. The entertainment was under the direction of Hon Chauncey M. Depew, president of the club, and a special committee of sixty-seven members, of which Gen. Horace Porter was chairman.

Letters from Harrison and Cleveland.

President Harrison sent a letter expressing regret that imperative official duties prevented his attendance. Ex-President Cleveland also sent regrets. Vice President Morton came from Washington City to be present, together with Secretaries Proctor, Rusk and Noble. There were scores of guests of honor present, including Supreme court justices, national and state, congressmen, clergymen, and military and civil notables. Refreshments followed the reception, and interesting speeches were made by Gen Sherman, Mr Depew, and others.

LAID BESIDE HIS WIFE.

Remains of C. M. Depew's Grandfather Reinterred After Seventy-Five Years.

NEW YORK, April 18.—The bright sunlight streaming through the leaded panes of Peter Stuyvesant Depew's dining room on the Hoe Chauncey Mitchell Depew's handsome home on Fifth avenue, this afternoon, fell upon the members of a family party, and beside the coffin of a venerable man, and upon the reverend head of a Presbyterian minister. The occasion was the reinterment of Peter Stuyvesant Depew, who died in Peekskill many years ago, and whose remains were disinterred at Peekskill and brought to New York by the side of his faithful wife.

Dead Away Back in 1815.

The Peekskill last resting place of Chauncey Mitchell Depew's grandfather on his mother's side. Tuesday there brought to light in Peekskill, Putnam county, where Gran'ther Mitchell died in 1855 at the age of 28. His widow died in Peekskill a few years ago, and her remains, after lying undisturbed at Peekskill for nearly forty years, were disinterred at Delhi and brought to New York by the side of his faithful wife.

Dollar Makers on Strike.

NEW YORK, April 18.—A large number of looker makers in this city have struck for an advance in wages, and it is believed that the strike will extend to all of the steel and iron working cities, and that a similar movement will be made in Philadelphia, Chester, Baltimore, Richmond, Wilmington and Washington. The trouble has grown out of the fact that many looker makers are employed by the government at two different navy yards and are paid higher wages than are received by the employees of private works. The government mechanics work a less number of hours a week. The proprietors of the private works claim that they can not compete with the government in the matter of wages and hours of labor.

Threw Acid in His Wife's Face.

NEW YORK, April 18.—In a fit of jealousy Joseph Cottrell emptied a bottle of sulphuric acid in his wife's face at No. 81 Rivington street, yesterday. It was the work of a moment, but it is feared the woman will be disfigured for life and probably lose her eyesight. The acid thrower had a murderous looking knife concealed on his person when arrested at the station house. Cottrell and his wife have been living apart for four years, but have recently tried to get her to return to him. She refused, when he called in the evening. He found her conversing with another man. After a quarrel he left to return, he threw the acid.

Liabilities Nearly a Million.

NEW YORK, April 18.—The silk trade was surprised Thursday by the announcement of the suspension of the well-known firm of Louis Franke & Co., importers of raw silk at 109 Grand street and manufacturers of thrown silk at Paterson. The partners in the firm, Louis Franke and Henry W. Syms, made a general assignment, preference to Lawyer Adolphus H. Stoller. The firm had always stood well, and was supposed to have a capital of at least $500,000. The liabilities of the firm are said to be nearly than $1,000,000, with nominal assets of $1,200,000.

Big Deals Reported.

NEW YORK, April 18.—It is reported that two deals have been closed by which an English syndicate purchases the wholesale grocery business of Wilkinson, Gaddis & Co., at Newark, N. J., for $1,800,000, and other foreign capitalist secures for $1,500,000 the business of the Murphy Varnishing company, said to be the largest concern of the kind in the United States.

Suicide of a Reporter.

NEW YORK, April 18.—Joseph A. Allen, a reporter on The Evening Telegram, committed suicide at his home, 61 Hicks street, Brooklyn, by inhaling chloroform. For some time past he has been a martyr to rheumatism and the despondency arising therefrom is supposed to have been the cause of the deed.

Small-Pox on Shipboard.

BOSTON, April 18.—Nine cases of small-pox have been discovered on the bark Sarah, from Fayal, which was detained at quarantine Wednesday. Eight cabin passengers who were vaccinated will probably be released in a day or two, while the 150 steerage passengers will be detained for a week.

AGREED ON A SCALE.

A Conclusion Reached by Miners and Mine Operators at Columbus.

COLUMBUS, Ohio, April 18.—The joint meeting of miners and mine operators at 5 o'clock Thursday afternoon agreed that the scale of prices from May 1, 1890, to May 1, 1891, should be: For the Hocking Valley, 70 cents per ton, and for Pennsylvania, 70 cents per ton. The scale is 10 cents lower than the original proposition by the miners and an advance of 5 cents over the prices paid in the Hocking district the past year, and an advance of 6 cents over the prices paid in the Pittsburg district. It now seems probable that the corresponding prices will be fixed in Indiana and Illinois and West Virginia.

Other Conventions To Be Held.

The operators of those states must not agree to prices satisfactory to the miners or submit to a strike in which they will have to fight not only the miners of Ohio and Pennsylvania, but the operators as well. The miners of Illinois and Indiana are confident that the operators of those states will not give them an inch. It is said the operators of the two states, while not willing to meet with the operators of Ohio and Pennsylvania, are ready to confer with their own miners. In view of this fact a joint convention of mine operators and miners will probably be held at Indianapolis April 25 and a convention of the Illinois operators at St. Louis April 26.

Coal Will Be Higher.

The miners of those two states approved the scale adopted for Ohio and Pennsylvania, believing that their action would be approved by their constituents. The advance in prices of mining will not materially affect the lake coal trade, which has already opened and will continue through the season of navigation. The buyers of coal in the northwest will simply have to pay more for the coal.

REV. DUCKWORTH'S HORSE TRADE.

The Jury Brings in a Verdict for the Defendant.

RACINE, Wis., April 18.—Rev. Duckworth's horse dealing, which for the last few days has monopolized the attention of lawyers, court attendants, and half the population of Racine county, came to an end Thursday morning, the jury bringing in a verdict for the preacher. The suit was brought by Dr. W. C. Clarke, of Chicago, who bought a horse of Minister Duckworth while the latter had a pastorate in a Methodist church at Union Grove, this county.

How the Horse was Disabled.

The horse was driven to Chicago during a heavy thunder-storm and became disabled, and Dr. Clarke brought action to recover damages from the pastor. The friends of the minister claim that the evidence throughout established to the perfect satisfaction of the jury and those present at the trial that Mr. Duckworth's conduct was honest and above reproach. Dr. Clarke was not present when the verdict was rendered, but the pastor was, and he was congratulated on all sides. He left at night for Oconomowoc, where he is pastor of the Methodist Episcopal church.

Arrested for an Old Murder.

CHARLESTON, S. C., April 18.—Samuel Jeffers, a wealthy citizen of Gaffney, was arrested Thursday, charged with the murder of Dr. Alexander White, in Union county, twenty-five years ago. White was to have testified against Jeffries, who was on trial at that time for murder. Jeffries was acquitted. He was suspected of White's murder, and White's son has been working up the case against Jeffries ever since. One Madlo made a deathbed statement some years ago that Jeffries murdered White, but until now the evidence has not been deemed sufficient to warrant the arrest.

Sir George Elliott in Trouble.

LONDON, April 18.—Miss Alice Hairs, a woman of thirty years of age, has brought an action for breach of promise of marriage against Sir George Elliott, member of parliament for Monmouthshire. The defendant denies that she has twice been engaged to Sir George, and that after her betrothal the defendant promised marriage. Sir George Elliott denies the truth of the allegations, and asserts that the action is brought at blackmail. The proceedings in the case are creating the most intense excitement in social and political circles.

Mrs. Ward Says It's All Wrong.

NEW YORK, April 18.—Mrs. Helen Dauvray-Ward has failed to see a reporter Thursday morning, but wrote a letter stating that the report about her separation from her husband, John Max, a grocery Ward, the famous sheetology, was "absolutely wrong in every particular." Mrs. Ward states that she returns to the stage because of the separation from her husband. The separation was not because of her desire to return to the stage.

Death of Jockey McLaughlin.

DETROIT, Mich., April 18.—W. S. McLaughlin, better known as "Billy" McLaughlin, the veteran jockey, died at Grace hospital, in this city, from a complication of diseases. He has been prominently before the sporting public for the past thirty years, and in his time has held the reins to some of the record-breakers of the world.

Killed His Brother by Mistake.

MILBANK, S. D., April 18.—Two brothers named Larsen were awakened by a noise outside their house at night. Arming themselves, one went out at the front door and the other at the back door to reconnoiter. They met and one brother, thinking the other was a burglar, fired at him, the shot resulting in instant death.

Collision of Freight Trains.

GILMAN, Ills., April 18.—Two freight trains collided about three miles west of here. Both engines were badly wrecked and six cars were smashed. One of the latter was loaded with hogs, nearly all of which were killed. Three persons were slightly injured.

A Verdict of Guilty.

PHILADELPHIA, Pa., April 18.—The jury in the case of ex-prefect Henry W. King, of the Blind institution, who was charged with criminal immoral practices with a number of the pupils of that institution, rendered a verdict of guilty. Sentence was deferred.

Increased the Jumping Record.

NEW HAVEN, CONN., April 18.—In the running high jump at the New Haven Athletic Club games Thomas G. Shearman, Yale's well-known jumper, increased his record by 2½ inches, making a jump of 5 feet 10½ inches.

Death of an Inventor.

BOSTON, April 18.—Benjamin F. Sturtevant, widely known as an inventor and as a manufacturer of blowers, died here of apoplexy, aged 57. He was a noted philanthropist.

THE SILVER PROBLEM.

The Secretary of the Treasury States His Views.

REDEMPTION OF THE CERTIFICATES.

A Difference of Opinion Among the Senate Silver Committeemen Regarding the Proposition to Make Purchase Certificates Legal Tender—The Senate Considers the Secret Session Leakage—The Oklahoma Bill.

WASHINGTON CITY, April 18.—The senate Republican silver committee held a meeting Thursday morning, at which Secretary Windom was present and expressed his views. He said the reason for his advocating the redemption in bullion of the certificates issued for the purchase of bullion was that it would make the certificates more valuable. To require their redemption in silver dollars would be, in his opinion, to discredit them; while to require their redemption in gold coin might seriously embarrass the government. He was willing, however, as a measure of compromise, to give the holder of the certificates an option on the currency in which it should be redeemed.

Sufficiency of the Circulation.

After the secretary had given his views upon the bill and the basis for them, a discussion rather desultory in its nature took place upon the subject of the sufficiency of the circulation. Secretary Windom has stated to the committee that the total circulation was $1,426,000,000—an average of $21.50 per capita, on a basis of 65,000,000. Actually, however, this sum was subject to diminution by the several amounts that are tied up in various ways, reserves held for redemption of notes, etc., so that the per capita amount of circulation was considerably less that $21.50. The secretary agreed with the senators, as he had with representatives, that an addition to the circulat on was necessary, but in the conference Friday no definite sum was named by any one.

A Difference of Opinion.

Another meeting of the committee will probably be held later, in order to arrive at any agreement upon the basis for a silver bill. Some of the committee were in favor Friday morning of conceding the point insisted on by the secretary, that of making the purchase certificates redeemable in bullion, but to this the silver men say they will not agree under any circumstances. They say that they will not consent to give to the transaction the nature of a mere matter in merchandise. There is also a difference of opinion among the committeemen upon the proposition to make the purchase certificates legal tender. The silver men who advocate this say that based upon actual purchases of bullion, as they will be, the certificates would have a greater value behind them than do the $346,000,000 greenbacks for the redemption of which last 100,000,000 in gold are provided.

The Oklahoma Bill.

WASHINGTON CITY, April 18.—The conferees on the Oklahoma bill have practically agreed upon all of the points of difference in the bill, but will hold another meeting to perfect details. By the terms of the agreement, the Cherokee outlet will not be included in the boundaries of Oklahoma territory at present, but the supreme court of Oklahoma will exercise legal jurisdiction over it, instead of the court at Wichita, Kan. When the negotiations with the Cherokees result in a concession of their claims to the outlet, it is to become a part of the territory without further legislation. The public land strip is included in the territory and is to be opened to settlement.

Congressional.

WASHINGTON, D. C., April 18.—In the senate Friday Hawley moved to take up the World's Fair bill. The motion was opposed by Dolph with a motion for executive session. The latter prevailed and the senate doors were closed and the senate considered the leakage of executive secrets.

Among the bills introduced were the following: By Davis—Authorizing the secretary of the treasury to place to the credit of the Chippewa Indians of Lake Superior and the Mississippi $195,420 to carry out treaty stipulations. By Platt—For the admission of New Mexico as a state.

Gen. Fairchild on the Bennett Law.

WASHINGTON CITY, April 18.—Gen. Fairchild, of Wisconsin, ex-commander-in-chief of the G. A. R., is here on his way home from the Grand Lodge anniversary at Philadelphia. He says of the Bennett school law: "It is a mistake to suppose that we will carry the state election by a large majority. Our people are united upon that point. If the Democratic party makes the fatal error of siding against the law it will be broken up and left out of sight. Governor Hoard's renomination is assured, and so is his re-election."

The Strike at Pittsburg.

PITTSBURG, Pa., April 18.—The strike situation practically remains unchanged. John Downey, vice grand master of the Federated Order, arrived in the city early Friday morning and remained in secret conference with the local committees until 12:30 o'clock. From appearances there are now enough strange railroaders in the city to fill any places made vacant by a strike.

The Dahomian Army.

PARIS, April 18.—News from the vicinity of Whydah is to the effect that the Dahomian army with the king at its head has arrived near Porto Novo. On the march the Dahomians burned a number of villages and created the greatest excitement and alarm among the people living along the line of march and in the district.

Been Robbing the Mails.

ROCHESTER, N. Y., April 18.—Abram Bogardus, superintendent of mails in the Rochester postoffice, was arrested Friday afternoon by Postoffice Inspectors Coates and Hartshorn on the charge of robbing the mails. He has held the position about a year.

Killed by a Switch Engine.

TOLEDO, OHIO, April 18.—Edward Shannon, a switchman employed in the yards of the Wabash railroad in this city, was run down by a switch engine and instantly killed. He was 24 years of age and unmarried.

Will Grant the Men's Demands.

LANCASTER, Pa., April 18.—The boss carpenters will probably concede the demand of the union carpenters of this city for uniform wages of $2 a day after May 1.

Stanley at Paris.

PARIS, April 18.—Mr. Henry M. Stanley, accompanied by Sir William Mackinnon, chairman of the Emin relief committee, has arrived in this city from Cannes.

SKIPPED WITH A DRUMMER.

A Wife of Three Months Decamps with Another Fellow.

OXFORD, Neb., April 18.—About the middle of February, Henry P. Camp, of the Farmers' State bank, of this city, was married at Madison, Wis., to a beautiful young lady prominent in society there. After a short bridal tour Mr. Camp returned to Oxford with his wife. In the latter part of March Mrs. Camp complained of homesickness, and reluctantly her husband consented to her return to Madison for a visit.

Eloped with a Drummer.

A few days after her departure Mr. Camp received a telegram calling him to Chicago, and upon reaching that city, it is alleged, he was handed a letter that had been addressed to Mrs. Camp's parents, and which conveyed the information that their daughter had eloped with H. F. Ferguson, whose name was signed to the letter. Mr. Camp recognized the name of his wife's companion as that of a commercial traveler who had been in Chicago the week preceding Mrs. Camp's departure. Mr. Camp, it is alleged, learned that his wife and Ferguson had traveled in company to Louisville, where trace of them was lost. Mr. Camp has returned to Oxford, and it is understood that he will soon begin proceedings for divorce.

HIS 100TH BIRTHDAY.

A Michigan Man Honored by His Friends and Neighbors.

MARCELLUS, Mich., April 18.—The celebration of the 100th birthday of Edward Littell, who lives two and one-half miles northeast of this village, was a grand affair. The procession was formed on Main street at 9:30 a. m., preceded by the Marcellus cornet band, followed by G. A. R. in uniform; W. R. C.; members of the press, village officials and citizens, there being fifty-eight teams in the column and 500 people.

The Speakers.

The old gentleman was not feeling well on his 100th birthday, and therefore could not take an active part in the service of the day. A few valuable presents were made. Appropriate speeches were delivered by the Hon. G. B. Turner, of Cassopolis; W. J. Sampson, of Marcellus; G. G. Woodmouse, of Marcellus, and H. J. Kellogg, who made the presentation speech. Mr. Littell was born in Somerset county, N. J., April 17, 1790. His parents were of French and Dutch descent.

SWEPT BY FOREST FIRES.

A Dutch Settlement in New Jersey Completely Wiped Out.

NEW YORK, April 18.—The Dutch settlement about three miles south of the village of Port Republic, N. J., was entirely destroyed by a fire which originated in a pine grove about half a mile from the settlement. The flames were seen about 2 o'clock in the afternoon, and the colony realized at once that the forty little huts it lives in were menaced. All efforts to check the fire were wholly futile, and it swept over the settlement in one great gust. Every hut was burned to ashes and the fire swept in toward Port Republic. The townspeople turned out in a body and fought the flames so hard that at 6 o'clock they were under control. The fire is said to have resulted from that which Sunday destroyed over $25,000 worth of property within three hours.

BLOWN TO ATOMS.

Terrific Explosion of Nitro-Glycerine at Cygnet, Ohio.

CYGNET, OHIO, April 18.—A wagon loaded with nitro glycerine shells used in shooting oil and gas wells, exploded in the morning with terrific force. Two men who were on the wagon were blown hundreds of yards and nothing left of them but a few strings of their clothing. The horses were terribly mangled and both killed, and the wagon reduced to kindling wood. The report was distinctly heard a distance of ten miles, and in the immediate vicinity windows were broken and chimneys leveled.

Stampeded by a Joke.

KANSAS CITY, Mo., April 18.—The cut in the Denver passenger rate made Wednesday by the Rock Island and Missouri Pacific was all on account of a Santa Fe man's joke. He saw the Rock Island agent about to visit the Santa Fe office, and he posted in the window a card reading: "Denver, $6." The sight of the native stampeded the Rock Island man back to his office. The notice was then taken down. But before night the Rock Island had named a $6 rate to Denver, and the Missouri Pacific had done the same. Later the Chicago, Burlington & Quincy and the Union Pacific followed suit. Then the agents here got together, explanations followed, and rates were restored again to $7.50.

Hardly Decent of Stoecker.

BERLIN, April 18.—In the Landtag Thursday Dr. Stoecker referred to the enormous increase of prostitution in Berlin and cited statistics to show that its rapid growth had been unchecked by the authorities. Several members of the Freisinnige party protested against public discussion of the matter. A number of ladies occupied seats in the galleries during the whole of Dr. Stoecker's speech, which treated the subject under discussion in the plainest terms.

Backed into a Cable Car.

DENVER, April 18.—A Denver and Rio Grande transfer train backed into a North Denver cable car at Fifteenth and Delaney streets. There were about thirty passengers in the car, but as the switching train was nearly stopped, loss of life was averted. H. A. Chambers was the only one thought to have received injuries that are likely to prove fatal. A dozen others were hurt, but not seriously. There was no watchman at the crossing.

Its Name Is Its Strong Point.

NEWPORT, Ky., April 18.—Charles L. Hartsfeld has been arrested here and bound over on a charge of swindling newspaper publishers through the mails. He claims to have discovered a process of refining aluminum at a very cheap rate, and says he has found a new metal called Scenoidbarenguss, which can be molded into any shape and still have most wonderful strength.

An Ovation to Francis Murphy.

CRESTON, Iowa, April 18.—A great ovation was given to Francis Murphy, the temperance evangelist, at the Methodist church. He commenced his Iowa campaign at Creston last winter, and up to this time over 20,000 Iowa people have signed the pledge; among them hundreds of hard drinkers, who have been entirely redeemed from the drink habit.

Shot and Killed His Wife's Lover.

MCGREGOR, Ia., April 18.—Jay J. Grinnell, a court stenographer, Wednesday night shot and killed George Connell, a locomotive engineer, because of alleged criminal intimacy between the latter and Grinnell's wife. Grinnell was arrested.

A BATTLE IN KENTUCKY

Between the State Militia and Mountain Outlaws.

FIVE OF THE SOLDIERS WOUNDED.

The Troops Attacked from Ambush and Demoralized for a Short Time—Reinforcements Sent for and a Desperate Encounter Expected, as the Outlaws Swear They Will Never Surrender—The Soldiers Determined on Revenge.

LOUISVILLE, Ky., April 18.—Adjutant-General Hill at Frankfort received a telegram from Pineville saying that a fight had occurred on the sixteenth at Black Mountain between the state militia and mountain outlaws. Five of the soldiers were wounded. It is thought some of the mountaineers were shot but it is not known how many. The militia from Lexington and Harrodsburg were sent to guard the court in Harlan court house during the trial of the outlaws engaged in the Turner-Howard vendetta. The place of the fight is remote from telegraph station.

Fortified Against the Law.

The particulars as well as can be learned at this hour are as follows: Capt. Gaither, who is the commanding officer, was informed that a party of lawless men, some of whom had been indicted for various offenses, were fortified against the law at the above-mentioned locality, and had refused to surrender to the civil authorities. He was asked for a detail of his men to go out with some of the civil officers for the purpose of arresting them, and he at once sent sixteen privates in charge of Lieut. Milton, Sergt. Pullian and Corporal Banton.

Demoralized the Militia.

They left about 5:30 in the afternoon, expecting to find the men they were pursuing in a private house about 600 yards beyond the barn, from which they were fired upon. The attack was not looked for at that point and came so unexpectedly that it demoralized the soldiers for a moment or two, but they soon rallied, surrounded the barn and began firing into it from every direction, when it was thought best to cease action and hold the fort until the reinforcements arrived with more ammunition. It is believed that a severe fight will take place as soon as the additional troops reach the place, for the outlaws are fortified, well armed with Winchester rifles and swear that they will not surrender, and the soldiers are determined and want revenge for those who have been shot down.

A BANKER IN TROUBLE.

He Is Charged with Raising the Amounts of Negotiable Paper.

WEST SALEM, Wis., April 18.—Sheriff Canton, of Sauk county, arrived at this village and arrested Wyatt H. Graves, president and proprietor of the Farmers' and Merchants' bank, of this place. Graves is charged with issuing checks to the Baraboo Savings bank to the amount of $117 on his own bank when he had no funds there to cash the paper. This is only one of several charges and not the worst. The National Bank of Commerce at Pierre, S. D., has been victimized by Graves to the amount of $5,55.

Other Charges Made.

Graves is also accused of raising the amounts of negotiable paper passing through his hands. Notes of $90, $50, or $50, were raised by adding a cipher. The paper thus raised was always made payable at Graves' bank, and he relied on having the money to meet the notes when due. His examination will take place at Baraboo, and requisition papers are waiting for him from Dakota.

Passed the Australian Ballot Bill.

COLUMBUS, Ohio, April 18.—The house passed the Malin Australian ballot system bill by a vote of 68 to 21. It is thought that the senate will concur in this action. Besides the Australian feature, the bill provides for the creation of a non-partisan state board of election, with supervisory powers over non-partisan county boards. Ballots containing the names of all candidates are to be distributed by the county boards, and official ballots only are to be counted by the canvassers. Electors are to be furnished tickets after entering booths prepared for them, where they can mark their tickets unobserved, and without interference.

Great Strike in Austria.

VIENNA, April 18.—Twelve thousand workmen employed in the iron works at Wittkoritz have struck work. The troops were compelled to fire on the riotous miners at Harvin. Several of the strikers were wounded, and one is reported killed. The mine owners at Rokonitz have asked the governor of Prague to send troops to protect their property. The strikers in the Ostrau district made an attack on a sugar factory at Kunzendorf and another party attacked a cellulose factory at Rattman, in both cases compelling the employes to leave. The mines where the strikes prevail belong to the richest men in Austria.

Dressed in Male Attire.

LOUISVILLE, April 18.—Mrs. E. M. Nugent, late of Owensboro, Ky., was arrested here for appearing on the streets dressed in male attire. She told the police judge that she found so much difficulty in maintaining herself with her needle and by writing for Owensboro papers that after she came to this city she decided to dress herself as a man and seek employment as a street car driver or in some capacity, believing that by economy she could save enough in a few years to buy a home. She made the garments herself, and appeared in them for the first time. She is 39 years of age and apparently respectable.

Conflagration in a Canadian Village.

MONTREAL, April 18.—Fire in the village of St. Lamberts at 1:30 o'clock in the morning destroyed two three-story frame buildings owned by Denault & St. Onge, the French school house, five frame cottages belonging to M. Trudeau, and a large double stone house occupied by W. Duckworth, superintendent of the Victoria bridge, and Councillor Betournay. Assistance was asked from Montreal, but before it arrived the fire was under control. The origin of the fire is supposed to have been incendiary. Loss not yet stated; insurance is small.

An Overcharge of Dynamite.

KANSAS CITY, Mo., April 18.—James Keating, contractor, used an overcharge of dynamite in blasting at Tenth street and Baltimore avenue. One huge stone was hurled through the window of a glove store a block distant and struck Josephine Lowe, a saleswoman, inflicting a severe injury. The two-story brick residence of James Burnett, at the scene of the blasting, was badly shattered and will have to be torn down.

SATURDAY, APRIL 19, 1890.

THE NATIONAL SKELETON.

The H-D indulges in a long article to show that it is not burdened with ideas on tariff. That paper has some revenue ideas, but their only application relates to a tax on candidates. When the tariff on these is high and the revenue office is located on North Main, The H-D smilingly regards every aim of existence in Decatur as getting along swimingly. The paper has now declared itself republican and has installed a republican ex-speaker of a republican legislature in its republican editorial chair. The patriots in this part of the country naturally expected great things from all those ominous preparations, but they are now ready to remark that all realization is in the future. And we suspect that the fruit of that future depends very largely on whether the merits of Jason receive proper recognition or not.

The H-D is enterprising enough to give us editorial assurance that somebody else has notions about the tariff. It invests to the extent of a column to inform the dear readers that McKinley and Carlisle do not agree on this important question. We are not told that The H-D regards this information as a scoop, but we suspect that it makes some such claim in private. It must have had some purpose in writing the matup at a column's length. It is not rash enough to say which one of the men Carlisle or McKinley, is right. It just keeps blazing away in line after line to impress upon the people that the patriot from Ohio and the statesman from Kentucky belong to different schools of economy. It seems that Carlisle has taken his ideas from the colleges while the Ohio man has been content to gather inspiration from the most popular curbstone of some strong republican ward. But at any rate they dont agree: and it was to establish this fact that The H-D brain was made to throb all day and the compositors were compelled to stand up all night.

We are glad to see some one take hold of this matter in such vigorous fashion. It has long been suspected that there is something wrong in the economies of our country. There are a few specialists who thought they found the trouble in a certain notion that people could be made rich by taxation. They argued the question on this line for two or three years. And now comes the world's greatest discoverer, the Columbus of political economy, the Adam Smith of struggling Americans, and points out to the dunderheaded people generally that there is a difference of opinion in the ranks. You see, when the light of genius is thrown on the situation, the whole thing becomes as simple and easy as standing an egg on end.

How unfortunate for the American people that the H-D did not become republican many years ago. Just think of the labor and thought that might have been saved had that paper felt at liberty, four years ago, to announce to the world that there was a disagreement between Carlisle and McKinley. And we are inclined to think that the North Main fellows ought to have given us the information anyway. What good excuse have they for remaining quiet such an awful length of stormy time? While it is possibly true that the H-D got its information by worming itself into the confidence of Carlisle and McKinley, and was thus under a gentlemen's bond to keep its mouth shut, yet it should have gone to those men and labored with them for permission to make the great discovery public. And again, why did not the H-D use all its influence to induce Carlisle and McKinley to make a clean breast of their inability to agree?

But perhaps we ought to thank the H-D for its expose, even at this day, always remembering that it is better to be late than never. At last we know that a couple o the nation's public servants have been indulging in the prodigal extravagance of ideas that do not fit into each other. Thanks to the perseverance of The H-D, the fact has been finally dragged to light that we dont all think alike. Now that we have had the source of our woes pointed out to us, from this time on all should be clear sailing, until we reach that land where all can be prosperous and, possibly, happy. The remedy, which The H-D was too modest to put into words, is to stop this business of not thinking alike. To bring this about is not so hard as might be imagined: it is only necessary not to think at all. If anyone thinks the remedy is not feasible, The H-D would respectfully call his attention to its course during the last few years.

But we are glad of the discovery that Carlisle and McKinley do not think alike. Those gentlemen no doubt felt that they could always keep their difference a profound secret. But we have found them out, and now "our black troubles will take wings and fly away like night before the dawn." The H-D is not on earth for nothing.

THE republican Senate has admitted two republicans from the democratic state of Montana. We were disposed to howl about this outrageous act, but we have been lately reminded that the republican party has been reduced to the necessity of stealing for an existence. Just now it cant get anything from the people, and so it must steal or starve to death. We understand theologians are not agreed that theft, for the purpose of saving life, is a sin. If it isn't, then there is nothing marked against the republicans in the books for their theft of Montana. They needed the state; and, so far as we can hear, it is the only crumb they got this spring. And the people of Montana have given unmistakable evidence that they are not disposed to be used a second time as food for the perishing.

An election was held at Butte a few days ago. The vote in that town last fall was the one that brought about all the dispute in the legislature. The merits of last fall's vote was the issue made there this spring. The democrats were victorious from the top to the bottom of the ticket. The republican ticket did not have as many supporters in the town as the gang was able to muster in Decatur. This means that the defeat of the patriots in Butte was made unanimous. In this instance there was no republican returning board, and so the democratic victory will stick. The next time the republicans are compelled to purloin a life-saving slice they will be careful not to lay their campaign in Montana.

Our folks have got the majority in that state, and you can depend upon a democratic majority not being ignored. It is not a bit like the majorities The Rep tells us of in the South: it doesn't withdraw its ticket because of threats from the minority. If Messrs. Sanders and Powers pine for another term in the Senate, they might improve their chances by taking up a residence in Texas.

THE fourth page editor of the H-D has a half column to show that there is no politics in the new council. That is the glorious thing about our new council. The man who draws $2 a year for services he really performs, and $1,498 for his politics, is pretty sure to lose the paying part of his job. The fellow who got $5 a day for what he didn't know about brick will learn with much sorrow that politics "dont go now." The said editor chirps softly that there is no intention to throw anybody out of his place. Why, of course not; they may continue to work at their political racket—that is all they ever did—but drop into the council room some evening and watch the non-political council stop their pay. We are anxious to see how long a few of the old howlers will continue to work for glory that has no boodle in it.

BEFORE The H-D proceeds any further with its republican mass meeting scheme we would like to know if it has made provision for a plentiful supply of police? Judging from remarks let fall by the more vigorous patriots during the last three days, we should say that a republican mass meeting just now would result in a coffin famine. It would take about two police to each patriot to stop the flow of blood. We have doubts about there being enough democrats in town to furnish the required number of cops; there may be, but it is well to postpone the meeting until we can be sure.

But if the mass meeting must be held, it is possible to take some precaution against the worst by putting each patriot under bonds to keep the peace. We know a couple of disconsolate ones who would require the adultion of a muzzle.

ATTENTION has been called to the fact that Orlando, of The H-D, is proprietor of our court house, and that our democratic Board of Supervisors may find itself doing business some rainy day with a leaking sky for a roof. Gentlemen, dont be alarmed: the democratic city council will give you the freedom of its palatial parlors.

THE fourth page editor of The H-D should be promoted to second page. The man who now occupies the latter page might be given a passport to walk across the Atlantic ocean with a cablegram to the president.

Special Correspondence to THE REVIEW.

Mrs. Harlan and daughter, Miss Lida were called to Pontiac this morning by the sickness of the former's mother.

The reception of F. M. White and wife, nee Miss Laura Wilson, Saturday evening, at the residence of J. H. White, will be largely attended by the young folks of Cerro Gordo.

At the meeting of the Sons of Veterans Thursday night the date for the proposed entertainment was set for Thursday evening, May 1st. They will without a doubt furnish a fine evening's entertainment.

The H-D got somewhat addled in reporting the election last Tuesday inasmuch as there was no license issue to be decided. There was not a man on either ticket who was in favor of license.

Saturday the election of the board of education will take place. There will be at least two tickets in the field. At this election the voters should be careful that they do not support a man who has an axe to grind, as there will doubtless be some such candidates.

Despite the undeniable signs of wildness that the editor pro tem of the Cerro Gordo New Era, shows the venerable and distinguished correspondent of the Decatur Herald Despatch still persists in copying the majority of his soul-stirring articles in full and forwarding them to the esteemed H-D, in whose columns they appear interminzled with moss and mildew, on the Friday morning following.

Moultrie County F. M. B. A.

The Moultrie county F. M. B. A. last week elected the following officers: President, G. W. Monroe; vice president, Abia Chipps; secretary, S. D. Stocks; treasurer, John E. Bolin. A great deal of general business was transacted and among other things it was decided to have a magnificent celebration of the Fourth of July, perhaps at the Fair grounds.

A Rich Article.

Gardeners and others who are hunting fertilizers will find an excellent article in the product of Decatur's filter. It is rich devilish rich; not thin enough to run all over the land but not thick enough to be much of an obstacle to the onward progress of the plow. Come in and invest.

Cut His Finger Off.

Michael McInrow, an employe of the car shops while repairing trucks yesterday, got the middle finger of his right hand between a "shoe brake and the shoe" and he lost the first joint of it in consequence. Dr. W. B. Hostetler dressed the wounded member.

Can't go on.

Owing to the limited amount of patronage extended to the Jacksonville Coal Company the directors have found it impossible to run the business of said company without a loss. They have therefore discharged all their hands and suspended work.

PIANOS-ORGANS.

The improved method of fastening strings of pianos, invented by us, is one of the most important improvements ever made, making the instrument more richly musical in tone, more durable, and less liable to get out of tune.

Both the Mason & Hamlin organs and pianos excel chiefly in that which is the chief excellence in any musical instrument, quality of tone. Other things, though important, are much less so than this. An instrument with unmusical tones cannot be good. Illustrated catalogues of new styles, introduced this season sent free.

WILL HOLD A

MAMMOTH LAND SALE

Of its city lots at **CARDIFF,**

APRIL 22, 1890, AND FOLLOWING DAYS.

Excursion trains will be run from New England, leaving Boston, Saturday April 19. The Cardiff properties are not experimental. The coal and iron have been profitably mined more than twenty years. The location is in the midst of already developed properties. The company owns over 5,000 acres of coal and iron mines and timber lands, situated in the Tennessee counties of Roane, Cumberland and Morgan. Its city of Cardiff contains over 3,000 acres. There is scarcely an industry which cannot find a favorable chance at Cardiff for successful establishment and profit. The development is in charge of men of approved judgement and experience. Excursions to Cardiff for the sale will be arranged for principal cities of the north and west. Proceeds of sales to be applied to the development of the property by the erection of iron furnaces, coke ovens, hotel, water works, motor line, electric lights, manufacturing plants, public buildings.

A Plan will be offered which will enable purchasers to secure lots at reasonable and not speculative prices, the intention being to give patrons of the sale a chance to make a profit, as well as the company. Accommodations will be provided for all attending the sale. For further information, prospectus, etc., apply to

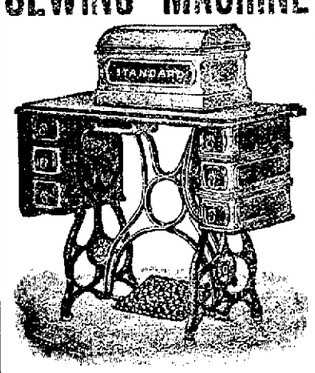
Bicycle Headquarters
And Standard ROTARY SHUTTLE
SEWING MACHINE



Finest of the fine, runs one-half faster, one-half easier and makes one-half the noise of the old style shuttle machine. The continuous rotary motion is the only true principle for a sewing machine.

The world's oldest veterans in sewing machine invention and manufacturing rent the head of the "STANDARD" sewing machine company. Keep up with the times and get the best. It will pay you better to buy the "STANDARD" than to receive one of the old-fogy machines as a gift. The rotary principle applied to the sewing machine is as great an improvement as the modern band saw is to the old fashioned jig saw.

For through tickets, rates etc., apply to nearest ticket agents. For further information and copies of the "Southern Home" containing maps and descriptions of the country, apply to F. I. ROWE, Gen. northern Pass. Agent, 244 Clark St. Chicago.

EXCURSION EVERY THURSDAY.—Watters and Phillips' select excursions from Minier, Delavan, Bloomington and St. Louis to California, Oregon, Washington Territory and all Pacific coast points every week, personally conducted, quick time, lowest rates. No change of cars from Minier, Delavan Bloomington and St. Louis to San Francisco, Cal., Los Angeles, Cal., and Portland, Oregon. Same thing from Chicago via Denver, Rio Grande & Salt Lake Pacific railways. These parties provide a comfortable, pleasant and economical mode of traveling overland to the Pacific coast. This is our tenth years's experience in organizing and conducting Pacific Coast Parties and during that time have taken thousands of passengers and that we feel confident that our personal attention and personal conduct of parties are not equalled by any other agency. Bear in mind that our rates are as low as the lowest and that our conductors accompany each party through to California. We use Pullman's new Tourist sleeping cars, which are unexcelled and as a peculiar Pullman slow rate for which a small charge only is made. Our managers are both accommodating and experienced, and are assisted by colored porters whose duties are to wait upon and assist patrons. For full particulars regarding rates routes, etc., please address,

OHIO AND MISSISSIPPI R'Y, the great through route east and west; Pullman Buffet sleeping cars to Cincinnati, Louisville, Washington, Baltimore, Philadelphia and New York also to St Louis, connecting in union depot at St. Louis for all points west.

We would invite those seeking west to call on or address our agents in reference to rates, tickets, price of land, etc., homestead and preemption laws; also movements of Pullman New Tourist cars from St. Louis and Kansas City to all western points. These cars are comfortable, pleasant and economical, and are all furnished complete, same as regular Pullman sleeping cars and for which only the small charge of three dollars and seventy five cents from St. Louis, and three dollars from Kansas City is made to all points west as far as the Pacific Coast. We would invite the attention of those going east to the fact that we made by this line and its connections to all eastern cities. Through cars to Washington, Baltimore, Philadelphia and New York, on O. & M. Vestibule trains, and are attached to Vestibule Trains of our connections at Cincinnati. These trains speak for themselves, being equipped with all the latest conveniences such as Dining, Library and Observation Cars, making a journey via this line a most comfortable and pleasant one. All trains of this line arrive at Union Depot, directly at those of other lines, thus giving its passengers ample time for meals and choice of accommodations on all connecting trains. Our agents are ready at all times to give information to the public, and all communications addressed to the undersigned, will receive prompt attention. C. O. Jones, Dis. Pass. Dressed Beef.

I want to say through your paper that I handle dressed beef, and that it is better beef and more carefully handled than stock slaughtered here. By handling this beef I get a good article and at a figure that enables me to give my customers low prices. There are other butchers who handle dressed beef, hauling it through the alleys from the cars to their back doors and charging the high prices of the home slaughtered article. These fellows are deceiving their customers.
H. CROCKETT,

DOINGS AT THE GRAND.

"THE TWELVE TEMPTATIONS"

The play of "The Twelve Temptations" was produced in New York about 18 years ago by the late James G. Fisk, Jr. He was then manager and proprietor of the Grand Opera House in that city, and he lavished a fortune on its production. It ran for 30 consecutive weeks. A dispute between author and manager caused its withdrawal, and it has been buried ever since.

Manager Gilmore was sharp enough to see that the title was worth a good many dollars, and he accordingly bought the manuscript. He commissioned his manager, Charles H. Yale, to rewrite the piece, giving plenty of opportunity for gorgeous scenery, ballets and costumes, and unique properties. Mr. Yale has made an interesting story, which runs through four acts.

"The Twelve Temptations" will be produced Wednesday the 23d.

EFFIE ELLSLER.

Effie Ellsler is the attraction announced at the opera house for Thursday evening, April 24. To her already well filled catalogue of successes, she has this season added another, "The Governess," a domestic drama said to equal, if it is not really superior to, any play with which this distinguished actress' name has been associated. It has been a genuine success everywhere this season. The Chicago Tribune says of Miss Ellsler's acting: "It is a relief at times to see upon the stage a womanly woman, acting in a play, pulsing with the warmth of life. Such a woman is Effie Ellsler, who to a personal charm that is sweet and winning, adds a sensibility that is delicate and true and an art that is varied and reposeful.

Attend to It To-Day.

Ten or twelve acres of ground are still needed to make up the 40 acres required, before the matter of the establishment of a pickle factory in this city can be definitely settled. To-day the gentleman making the proposition will be here for the last time, and to-day the matter will be settled. Will you allow the enterprise to slip away because of the lack of a few acres of ground? Can you not understand that it is to your advantage to seed a little ground to a crop that will return you at least $40 an acre? Nearly all the farmers adjacent to this city have patches of ground on their farms which do not produce anything because the ground is too wet. This quality is life for the cucumber vine, and will make a great difference in its producing powers. Dont allow the opportunity to pass. Call to-day and settle the question one way or the other with the proprietor himself, who will be at Hanks & Patterson's store all day for the purpose of meeting you and making all things plain.

To the Editor of THE REVIEW:

Up on North Broadway between Orchard and Condit streets, is a piece of road recently "worked" by Street Commissioner Alexander that would take the blue ribbon as a frightful example of inefficient work in any county. Near Condit street is an elevation, and to the south towards Condit is another, thus making a hollow or low place between them in which the water can stand and can't get away, until dried up or evaporated by the elements. The ditch has been cleaned out after a fashion on one side of the street, while on the other side it is as "full as a goose" and can do nothing towards carrying off the water. The hollow spoken of above, is near the gate of a residence, and when it is filled with water, the sidewalk and gate entrance are impassable except to web-feeted things. Is this the proper way for a paid official of the city to do his work?
FAIR PLAY.

Notice to Contractors.

Plans for the new shoe factory building for Heuver & Glidden can be seen at J Millikin & Co.'s bank. Bids are invited for the construction of the building as follows: For the necessary excavation, for each separate kind of material necessary for the building, the various kinds of labor required to complete it, for the building completed as per plans and specifications. It is hoped that all builders will send in bids, not necessarily for the whole building, but for any part you can complete yourself.

Sealed bids will be received until the 25th day of April at Millikin's bank. An acceptable bond will be required with contract. The right is reserved to reject any or all bids.

Strikes Everywhere.

Dangerous combination of the elements. The city filter is on a strike but we don't care. Our water is always pure for we are using the Pasteur Filter right at home and it never fails to work. It is a most faithful friend, whose real face value is never more appreciated than in these dark hours when the elements, earth and water, are combining most dangerously against your health. To see the filter at work please call at

Two Failures in Marriages.

A bill for divorce has been filed in the circuit court by Laura Huff. She prays a release from her husband, Chalmers Huff, because of desertion. The wedding occurred 11 years ago.

May Callender asks for a divorce from her husband, William Callender, alleging drunkenness and ill-treatment as reasons. Frederick A. Brown is her attorney.

Syrup of Figs.

Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently, on the kidneys, liver and bowels effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

Humane Society Meeting.

The annual meeting of the humane society will be held to-night at the rooms of the Woman's club, beginning at 7:30. New officers will be elected.

Why Don't They Say Something?

The Illinois Central still has the matter of building a new depot for Decatur "under advisement." After they get through advising with every officer, stockholder and employe of the road, possibly some conclusion may be reached that will be made public. The public has about reached a conclusion of its own and after waiting a short time for verification, the I. C. will be enlightened as to its nature. There is nothing like being courteous in these matters.

Of course, now that warm weather is coming, the present disease-breeding quarters of the I. C. cannot do much damage except with strangers. Travelers can stand outside and take the weather far better than they can afford to get into those stuffy, ill ventilated rooms and take chances of having the seeds of death sown in their systems. The greatest harm will be done to the general reputation of the city among strangers by the disreputable appearance of the Illinois Central's pile of depot wreckage. The city cannot be seen from the depot, and judgement is passed up n the whole city from the scrap pile where passengers get on and off trains.

Anti-License Men Will Fight.

A bitter fight is in progress at Sullivan between the temperance people and the license party. Tuesday two license and one anti license aldermen were elected, thus making the council a tie, with a license mayor. As stated yesterday in THE REVIEW the new council was to be be sworn in Thursday night, but the anti-license aldermen came to Decatur, thus preventing a quorum. The old council accordingly granted license to the applicants. Charles Swisher and J. M. Ashwort, the two defeated anti-license candidates, have filed notice to contest the election. An injunction was sworn out against Mayor Eden and Clerk Lilly restraining them from signing license, but two had already been signed. All of the anti-license aldermen have left the city to avoid a mittimus being sworn on them.

A False Alarm.

The police arrested two colored wayfarers yesterday, who rode into the city on the "blind baggage" of the 11 o'clock train from St. Louis. They boarded the train at Wyeles, and the train men noticed the figure of a woman lying in a fence corner near that place, and suspected that the colored men might have had something to do with her being there. Section men were sent down the track to find the woman and see if a crime had been committed, but they did not succeed in finding her or the crime and the men were permitted to "go in peace."

Suits Against County Officers.

Attorney Joseph R. Burns arrived in the city yesterday with two valises and a bunch of flowers. In the circuit court at Tuscola Thursday the case of Douglas county against him, as ex-county superintendent of schools, was dismissed and the costs thrown on the county. The amount claimed by the board of supervisors from the ex officer was $2,000. The case against D. O. Rice, ex-county clerk, was also disposed of, the county obtaining judgment against him for $700. The original claim against him was $2,600. There are two more cases against officers to be heard.

Dust to Dust.

The body of A. Leonard was brought to this city yesterday from Arcola, and was taken from the depot to St. Patrick's church where the funeral ceremonies were conducted by Rev. P. J. Macken. The interment was made in the Catholic cemetery. A large number of friends accompanied the sorrowing relatives from Arcola, and a number of the Governor's Guards, of which organization deceased was an honored member, accompanied his remains to this city.

WHY CAN WE DO IT?

Why can we retail goods at wholesale prices?

Such a thing is impossible to any other shoe firm in Decatur, but easily possible to us

The great wholesale boot and shoe house of L. L. Ferris & Co., at Chicago handles goods in such tremendous quantities that all the goods bought and sold in Decatur during years would be small in comparison. Buying in great quanties at first hands and saving every possible discount, this house is able to own its goods at a figure which no retailer ever thinks possible. The retail establishment in Decatur, Ferriss & Lapham shoe store, is supplied direct by the Chicago wholesale house, consequently it always has its goods at a figure which would enable it to sell to all other dealers here at a profit. The real truth is that the regulation retail selling price is about the figure which other dealers here pay for their goods. We can give good substantial shoes at a price which other Decatur dealers will charge you for shoddy stuff. Our goods are all new and fresh and are coming in all the time. No old shop worn goods. We are determined to make this retail business larger than in any previous year. It is the volume of trade, not the size of the profit that we are after. Come yourself and tell your neighbors to come to us for everything in the shoe line. We will save you big money.

"Thou Shalt Not."

'Tis amusing to see how quiet THE REVIEW is on the gambling den question.—Sentinel.

THE REVIEW has asked the Sentinel to locate the gambling dens about which it and its associate Dick Bowen prates so glibly. THE REVIEW is honest in stating as its belief that there are no "finely carpeted gambling dens" in Decatur. The Sentinel is pusillanimous enough to charge that there are, but is too cowardly to follow up its charges with proof. THE REVIEW doesn't know anything about these alleged "dens" and knows of nothing that resembles a gambling game so much as the—well, as the Sentinel Extra, for instance. The Sentinel, though its apostle of reform, Dick Bowen, does know, or claims to know, yet will not make their whereabouts public. It also made serious charges against policemen, yet refused to give the names of the derilect officers. If the editor of that paper had as much christianity in his heart as he has in his mouth, he would not "bear false witness against his neighbors' or be so free with charges that he either cannot or will not prove. Remember Mr. Sentinel, it is written, that "Thou shalt not bear false witness."

Will Talk to Teachers.

The monthly meeting of the teachers' association will be held this morning at the high school building. Dr. Hewitt, president of the state normal school, will address the pedagogues. The people of the city are invited.

The Local Market.

The first of May is almost here, yet the housekeeper when she goes to market finds but little difference in the display of fruits and vegetables from that which has been made all winter. When a dealer is asked the reason, he gives the same answer he has for weeks past, "The floods in the south." If one is tempted to do any groaning about it, it might be well to think how much more the people in the south are affected. This time of year they are usually selling great quantities of produce at prices that make a rich man's purse fall in a very flattened condition, while now they are waiting for the Mississippi river to give them a chance to look at their farms.

Strawberries were offered several weeks ago, but they have been very scarce since. New potatoes are out of the question at $11 for a small barrel, wholesale. To-day, strawberries, a paragus and new beets are about the only things that are expected to be in the market, though other vegetables have been ordered, and may come.

The following articles are for sale by our best dealers:

Fruits—Oranges, 20 to 40c a doz; lemons, 20 to 25c a doz; malaga grapes, 25c a lb; apples, 50 to 65c a pk; strawberries, 30c a qt; pineapples, 40c each.

Vegetables—Potatoes, 50c to 70c a bu.; sweet potatoes, 40 to 50c a pk; turnips, 10c a pk; onions, 6c a lb; Spanish onions, 5c a lb; parsnips, 25c a pk; cabbages, 15 to 30c a head; kale and spinach, 30c a pk; lettuce, 5c a head; new beets, 10c a bunch; rhubarb, soup bunches, onions, radishes, sassafras, 5c a bunch.

Butter—Good country 20c a lb; creamery, 30c a lb; butterine, 20c a lb.

Dressed Poultry—Chickens, 40 to 50c each; turkeys, scarce at 15c a lb; giblets, 10c a lb.

Eggs—Fresh, plentiful at 10c a doz.

Fresh Fish—Trout 12½c a lb; smelts and herring, 10c a lb; buffalo, 8½c a lb.

Flour—Prices are for 50 lb sacks—White Loaf and White Foam, $1 45; Merit and Daily Bread, $1 20; a cheaper grade, $1.10; Gold Medal, $1.55; Pillsbury's Best, $1 45; Graham flour, 12½ lb sacks, 75c; meal, 15c a pk.

Cheese—Full cream, 10c a lb; Edam, $1 25 each; pineapple, 60c each; Swiss, 25c a lb.

Miscellaneous—Honey, 20c a lb; pop corn, 5c a lb, onion sets, 10 to 12½c a qt.

A Cobweb Party.

The party given last night by Miss Lucile Durfee, in honor of her guest, Miss Mabel Farnham, of Boston, was the most elaborate she ever lent. The unique feature, from whence the name, gave it the spice of novelty, however, which made it so delightful, and made more real enjoyment than can often be crowded into one evening. The guests, on entering the handsome new home of Miss Durfee thought they had surely gotten into a great spider web. The three large rooms connected, and the hall was a perfect maze of "cobwebs," which were countless lines of thread running in all directions. From a common point 20 different lines started, crossed and recrossed each other, wound from corner to corner, from room to room, and over and up stairs and down, to end in some hidden and out of way place. When the company of 20 couples of young people had assembled, each person was given a number, the number of each gentleman corresponding with one held by a lady. Then the gentleman made a search for the end of a line that was marked by the number he held. With the end he found a prettily decorated cotillion favor, on which was pinned a spider web, holding a fly or something appropriate. The couple who had the same number then began to wind up the line, dodging girls from other lines, and in the course of the unwinding going over considerable territory. For the couple that arrived at the common starting point first a prize was offered, a bangle bracelet for the lady and a silver paper cutter for the gentleman. The amount of merriment that was caused by unwinding the web may be imagined, with 20 couples engaged in it at once. Berry Ennis and Miss Pet Mills were the first to get their line wound to the starting point. Walter Strange and Miss Roby were the last. They received a hand-some bouquet. After the cobwebs were all snarled torn out elaborate refreshments were served in party fashion. Cards and dancing followed, and the goodnights were not said until about 1.

Board of Education.

The treasurer, L. Berry, submitted his report of the receipts and expenditures for the month of March, which was approved. The superintendent reported the receipts and expenditures of the fuel on hand for the month of March. The report was examined and found correct. The following bills were examined and the clerk directed to draw orders on the treasurer to pay the same:

The superintendent asked permission to visit the schools of Moline and Rock Island next week. The request was granted.

Express Salaries Cut.

The salaries of the employes of the United States Express company are to be reduced on May 1 from 10 to 20 per cent. Although the small salaries are not to be touched, the highest salaries, including the $20,000 a year drawn by President Thomas C. Platt, are to be decreased 20 per cent, the second class 15 per cent, and the third class 10 per cent. The step is made necessary by the increase of the cost of transportation, the decreased charges and the increased competition. The States is operated in Decatur by the Pacific express company for a percentage of the business. The employes here get their salaries from the Pacific, and do not expect to have their wages cut, but they have been much interested in the matter.

Boo Hand Modjeska Prices.

Joseph J. Levy, business manager for Booth and Modjeska, arrived in the city yesterday and arranged the prices for the appearance of the two great stars here on Saturday, April 25. The prices will be as follows: Parquette and first six rows of the dress circle, $2.50; last three rows of dress circle, $2; first three rows in balcony, $2.50; other rows in balcony, $2; reserved seats in gallery, $1; admission in gallery, 50 cents. The advance sale will begin on next Tuesday morning at 9 o'clock.

Incandescent Electric Light for Dwellings.

The Decatur Electric company is prepared to wire, and furnish light in residences on terms that compete with coal oil. Apply to R. J. Stratton, superintendent, or at office of Warren & Durfee, 124 North Water street.

STRAY SCRAPS.

The lawn mowers are being pushed to the front by the dealers now.

Extensive improvements have been added to Dr. Bills' property on South Main street.

The doctors all say there is a surprisingly small amount of sickness in this neighborhood.

The filter will not allow anything smaller than a pound of mud go through it at a time.

Emery wants some real estate agent out there to put lots on the market and boom the town.

The real estate firm of Rapp, Simpson & Co., has been dissolved, George H. Simpson retiring.

Mrs. B. K. Durfee will entertain about 25 ladies at cards this afternoon in honor of Mrs. Farnham of Boston.

The name of S. T. Foster is frequently heard as a very suitable person to fill the position of overseer of the poor.

The Clarkson saloon, on the south side of Central park, has been sold to Rockford parties, who took possession yesterday.

The Citizens line men had their new caps and with their uniforms looked as gorgeous as French staff officers on dress parade.

An addition to the Antioch Colored Baptist church will be commenced next Monday. E. G. Bramble has the construction contract.

The Bible study meeting at the First M. E. church last night was largely attended, and the proceedings were interesting throughout.

Two weddings that will in all probability come early in June are now furnishing topics for conversation in Decatur society's inmost circles.

The city cannot be expected to do anything with the filthy water furnished to the citizens, when it allows alleys to remain unclean and unhealthy.

Elder Hiram Buck will build a new $4000 house this summer on the lot lately purchased next to J. C. Lake's residence on North Water street.

The Grand United Order of Odd Fellows will hold their memorial services at the A. M. E. church Sunday at 3 p. m. Rev. J. S. Woods, of Pontiac, will officiate.

Twenty-five young men are discussing the plan of organizing a co-operative boarding club. They had the arrangements almost made once, but put it off for a time.

I've a letter from the council, pals o' mine,
And they give to me my time;
I sat me off without a dime,
And I'm stricken in my prime, pals o' mine.

Harry Stroh, a son of Jacob Stroh, is dangerously sick with diphtheria at his home northeast of the city. Two of his sisters died with the disease about two months ago.

The public schools usually observe Arbor Day, but nothing was done yesterday because of the exhibition Tuesday night. It was felt that that it would be too much on hand at once.

Miss Minnie Bachman was informed by telegraph yesterday of the death of Mrs. W. D. Crocker of Sheboygan, Wis. The deceased was well known and had many friends in this city.

The "Land of Nod" is being rapidly gotten in readiness for presentation about the first of May for the benefit of the Christmas club. It will be really a fine entertainment with some new features.

The disagreeable smell left after eating onions can be removed entirely by patronizing high priced lunch counters. The bill presented to you after you get through eating will take your breath away all right.

Manager Martin is thinking about making a picnic grounds in King's orchard. A number of walks have been laid out there. While there isn't any gorgeous scenery, it is still a pretty place, with green grass and shade.

Will E. Haworth, son of Mr. and Mrs. J. W. Haworth was elected secretary and treasurer of the Northern Pacific Land Co., at Tacoma, Wash., the other day. From all reports Decatur genius is taking the coast by storm.

The Congregational Young People's Society of Christian Endeavor gave a reception at the W. C. T. U. rooms last night to new members. It was well attended and was very pleasant. A burlesque art gallery furnished a great deal of amusement.

Ed G. Allen and Jerry Nicholson were at Long Creek Thursday to set up two Austin graders that they sold the commissioners. They set up the machines and built a quarter of a mile of road in less than four hours. Good roads are going to be the rule there now.

David O. Kincaid goes to work Sunday as a regular carrier, and there is an order posted up in the office requiring that the name "Mascot," by which he has been known so long, be dropped, and that in future he will be known as "No. 9."

Drayage reports that freight shipments from Chicago to this city over the Illinois Central has decreased and that there has been an additional increase in the freight shipments of the Wabash. This is due to the action of shippers and manufacturers of Decatur, and the increase in the Wabash business will not be allowed to decrease.

A certain young married couple in this town made an agreement not to go to a dancing party because neither could bear to see the other dancing with some one else. Early in the evening, though, "hubby" slipped out the back way and went to the party alone. The "ducky" went home to her mamma the next day and is there yet.

It is said that a couple of Mormon elders are working in the southern portions of the county for converts. The Georgia people have a way of treating Mormon elders that is worthy of imitation. They allow them to play pendulum from the limbs of a tree, and by giving them this permission save a great many of the susceptible and beautiful, but not overly bright daughters of Georgia from lives of shame.

The bath rooms at the Y. M. C. A., which have been undergoing repairs, will be open to members of the association on Saturday. The rooms comprise two shower baths and one tub bath so arranged as to allow three persons to bathe at the same time, each bath having its separate private dressing room. A new 82-gallon Wolf boiler has been put in which will supply an abundance of hot water.

A. R. Scott, of Bethany, was in Decatur this week to see A. T. Risley about a note for $49.50 he had bought. Mr. Scott sent the farmer who made the note a notice to come to him to pay it. The farmer soon came and said he had made a note of that amount and given it to E. G. Hodge in payment for an organ, but he had received a notice from A. T. Risley that that gentleman had the note. He was not going to pay any note until he found just which one he signed. Risley and Scott each have a note, and neither is quite sure which is the good one.

TRACK AND TRAIN.

W. S. Shoemaker is in Chicago on business.

Ed Boyd, fireman of the T. H. & P., is laying off.

C. H. Garson, of the Continental line, is over from Peoria.

C. F. Lape, master mechanic of the Wabash at Springfield, is in the city.

J. H. Jagoe, traveling passenger agent of the West Shore road, is in the city.

General Manager I. H. Burgoon, of the T. H. & P., left last night for Toledo.

Superintendent Goodrich of the Wabash, was in the city several hours yesterday.

Col. Shaw, traveling passenger agent of the C. B. & Q., was in the city yesterday.

Wabash brakeman, Charlie Patterson and bride are expected home next Monday or Tuesday.

Wabash Engineer John McGarigle of Moberly, Mo., is visiting his sisters, Misses Kate and Maggie, at the Central house.

Harry Shimer, assistant Illinois Central ticket agent returned from Chicago yesterday and reports having had an enjoyable trip.

Conductor L. K. Murphy, of the T. H. & P., has sufficiently recovered from his recent sickness to resume his duties on the road.

E. Jarchy, general solicitor of the T. H. & P., returned yesterday to Indianapolis after accompanying the inspection party over the road.

Isaac Shoemaker, of Litchfield, is the latest addition to the clerical force in M. M. Martin's office at the Wabash shops. He takes Charley Pope's place and the latter has been promoted.

Several empty box cars were derailed by a defective switch near Forrest, last night, and Wabash passenger train from the east due here at 8:50 did not arrive until 1 this morning in consequence. No one was hurt.

Yesterday afternoon a brakeman named John Knight, employed on the P. D. & E., was brought to Dr. Brown's office in a painful plight. While coupling freight cars near the depot in this city he missed his footing and fell to the ground. The flange of a wheel passed over the left leg and crushed the left arm nearly to the shoulder.—Lincoln Monitor.

Bachelors Entertain.

The feminine mind is impressed with the idea that none of the masculine gender knows anything about entertaining properly and extending the hospitalities of a home with becoming grace and dignity. That this is a great mistake, was fully demonstrated last night by four bachelors, Harry Hord, L. W. Foster, W. N. Thimony, and A. H. Hoskins, who received about 50 friends in their elegantly fitted up rooms, Nos. 21 and 25 Haworth block. Not a one there but could help agreeing that the young men did all the honors of the occasion most successfully and agreeably to their friends, though, to be sure, they were assisted by Mrs. T. S. Hoskins and Mrs. C. T. Haigh. Should any argument arise over the matter, of course it would be just like the young ladies present to ascribe all the credit to the two ladies named, even when they knew they were mistaken. Progressive high five, which by the way is a euphonious name for "cinch," served to pass the hours of the evening all too quickly. Towards the close strawberries and cream, cake, and other delicacies of that interesting nature were served.

Those present were: Misses Belle and Jessie Steele, Florence Adams, Ada Boyd, Eva Bixby, Alverda Scott, Mattie E. Foster, Florence Rainey, Mabel Mills, Judith Hill, Gertrude Walsit, Blanch Brandon, Carrie Knapp, Mame Freeman, Lelia Mueller, Josie Harwood, Augusta Westerman, Dell Williams, Jessie Harry, Ev. Caldwell, Ida Eyman, Pet Buckingham, Anna McClellan, Jode Carder, Mary T. Cloyd, Anna Cox, and Messrs Walter C. Keeler, R. Mueller, Charles E. Dawson, M. G. Musser, Clem Eisman, D. J. Coyd, John Murphey, L. W. Hatch, Fred Bowman, C. L. Webb, M. R. Keeley, Gus Wilmeth, W. Bachman, Adolph Mueller, Charles Schroth, F. B. Mueller, W. Curran, George Mathias, Walter Boyd, H. Starr, Mr. Fleming, Ben Stuckey, Ed Hill, Messrs. and Mesdames Wm. Heilman, J. S. Bixby, L. A. Mills, Charles T. Haigh, Thomas G. Hoskins.

A Coincidence.

"It is not a theory that comforts me now it is a condition. The soup is getting up all around me."—Weeping Willow Foster.

"Me too."—Street Commissioner Alexander.

His Conscience Smote Him.

A sad eyed man walked into a store in Beloit the other day and, planking down a $10 note, tearfully said: "Just four years ago today I set down a $1 pair of shoes from your store. The matter has been preying on my mind, but my pride prevented me from confessing. I can stand it no longer. Take your pay out of this $10 bill." The merchant, of course, was delighted to meet such a penitent, contrite soul and gave the man $9, and he departed with a light heart. The $10 bill was a very finely executed counterfeit. The next conscience stricken individual that presents himself at that store will be thrown into the river with neatness and dispatch.—Janesville Gazette.

American Influence in Vienna.

A Viennese bank clerk was recently robbed of a package of 50,000 florins that had been intrusted to his care. The clerk's employer decided to advertise the loss in what a Vienna paper calls the "American system." In other words, he promised to ask no questions if the thief would return 30,000 florins, keeping the balance for his trouble. The offer was accepted and the money returned, but unfortunately the clerk was not notified of the efforts made to recover the money, and about the time the banker received it the clerk blew out his brains, not in the American style, however.—San Francisco Chronicle.
